

West Des Moines Valley 2010

The weather took a turn for the better and so did City High track and field. Despite a two-hour school bus ride and being short-handed you competed very well. Athletes stepped in to fill the voids. That is what we need to become the best we can be. Compared to 2009 we improved in every field event and performed as well or better in 12 of the 15 running events. You competed hard and were rewarded with consistent a sea of prs and season's bests. We do have work to do. Our exchanges can improve. Technique in specialty events will get better with practice. And of course, our overall fitness will continue to improve. What encourages me though, is your growth in character. Your will and your commitment grows each week. Keep up the good work and bring the same enthusiasm, resolve and flexibility to The Lancer Invitational this week and we will take another step toward success.

VARSITY					JV			
Long Jump	Nelson 15'5" (4 th)	Hanschke 13'5"						
High Jump	Brooks 5'2" (2 nd)*	Johnson, V 5'0" (3 rd)
